

INTRODUCTION

The VUH series high-pressure valves incorporate a one-piece forged brass body for endurance and reliability, and self-lubricating dual-sealed chrome-plated brass ball, for longer life, with all seals protected by a silicone-free lubricant, making it ideal for the most demanding applications. Available in 1/8" and 1/4" F x F and M x F threads.

SPECIFICATIONS

Thread Type	NPT	Body Material	Forged Brass
Valve CWP	900 PSI	Port Diameter	.217"
Temp. Range	-4° to 200°F	Stem Seal Type	Viton® O-Ring
Handle Material	Nylon	Seal Type	Viton®

ORDERING INFORMATION

VUH2.AM 1/8	Micro High-Pressure Valve, 1/8" NPT Female x Female
VUH2.PM 1/8	Micro High-Pressure Valve, 1/8" NPT Male x Female
VUH1.AM 1/4	Micro High-Pressure Valve, 1/4" NPT Female x Female
VUH1.PM 1/4	Micro High-Pressure Valve, 1/4" NPT Male x Female
