

Meeting your valve needs with
Experience, Flexibility and Innovation

EHW Series Remote Control Electric Brass Valves

Remote Control Solutions

Key Features:

- Sizes: 1/2" - 1 1/4"
- Outdoor rated
- 2 remote key fobs included
- 150'-300' outdoor range
- 10' pigtail wire; 12 VDC input
- Maximum pressure 125 psi
- Media temperature 35-165° F
- Media = water, oil, gas or similarly compatible with brass
- RTFE seats and seals
- Full flow valve (no restriction)
- NSF/ANSI 372 Certified Lead-Free valve for potable water service

DynaQuip Remote Control EHW Series Electric Brass Valves are perfect for open/close, 1/2" through 1 1/4" automated applications with a low psi media requirement (125 psi CWP or less).

These automated brass valves are the ideal way to work smarter, not harder. Eliminate the need to walk back to the truck or tank to open and close valves with our new remote control EHW Series.

These 2-piece forged brass valves are full port with RTFE seats and mount in any position for maximum installation flexibility. Pigtail connections with a 10' cable facilitate quick, convenient wiring.

These NEMA 4 light-duty valves have a 25% duty cycle and are suitable for water, oil, gas and other similarly non-viscous fluids. Valves are NSF/ANSI 372 Lead-Free rated for potable water as a standard.

Ask about the high pressure version for pressure washing applications!

The DynaQuip Difference

For over eight decades DynaQuip® has provided superior products and customer service. We offer flexible and innovative solutions for our unique customer needs. Our products are assembled, tested, and stored at our St. Clair, Missouri headquarters enabling us to offer quality assurance and industry-best lead times.

- Industry-best lead times
- Personal customer service
- Superior quality products
- Flexible, innovative solutions
