

EU RoHS Compliance Statement

Declaration

DynaQuip Controls Corporation declares that its catalog products that are within the scope of electrical and electronic equipment (EEE) placed on the European Union market conform to Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment, as amended, including Commission Delegated Directive (EU) 2015/863.

Based on information reasonably available to DynaQuip, including supplier declarations, material certifications, analytical data and, where appropriate, test results, the restricted substances listed below do not exceed the applicable maximum concentration values by weight in any homogeneous material, except where a specific and valid exemption under Annex III or Annex IV of Directive 2011/65/EU applies.

Any reliance on an exemption is product- and application-specific and is maintained in the relevant compliance documentation. Products that do not meet the Directive's definition of EEE, or that are otherwise excluded from its scope, are not subject to the Directive.

Restricted substances and maximum concentration values

Restricted substance	Abbreviation	Maximum concentration by weight in homogeneous material	Equivalent limit
Lead	Pb	0.1%	1,000 ppm
Mercury	Hg	0.1%	1,000 ppm
Cadmium	Cd	0.01%	100 ppm
Hexavalent chromium	Cr(VI)	0.1%	1,000 ppm
Polybrominated biphenyls	PBB	0.1%	1,000 ppm
Polybrominated diphenyl ethers	PBDE	0.1%	1,000 ppm
Bis(2-ethylhexyl) phthalate	DEHP	0.1%	1,000 ppm
Butyl benzyl phthalate	BBP	0.1%	1,000 ppm
Dibutyl phthalate	DBP	0.1%	1,000 ppm
Diisobutyl phthalate	DIBP	0.1%	1,000 ppm

This statement is a general product-compliance declaration and does not replace any EU Declaration of Conformity or technical documentation required for a particular product.

Issued by

DynaQuip Controls Corporation
St. Clair, Missouri, USA

Effective date: August 3, 2026
Document revision: 2026.08

Regulatory basis: Directive 2011/65/EU, as amended; Annex II concentration limits; applicable exemptions in Annexes III and IV. Current consolidated EU legislation should be consulted for product-specific exemption status.
